

Enterprise AI email security — **\$4.75/user flat**. Every INKY feature included. No tiers, no upsells.

CORE CAPABILITIES

Inbound Mail Protection

- ✓ Computer-vision AI detects brand-forgery & logo spoofing
- ✓ GenAI-assisted phishing, BEC & conversation hijack defense
- ✓ QR-code (quishing) scanning — decodes destinations inline
- ✓ Malicious-attachment & URL defense with real-time analysis

Internal Mail Protection

- ✓ Catches compromised-account mail sent inside your tenant
- ✓ Blocks lateral phishing, CEO fraud & payroll-change scams
- ✓ Post-delivery remediation — claws back threats after delivery
- ✓ Anomaly detection on tone, timing & recipient patterns

Outbound / DLP & User Coaching

- ✓ Data-loss prevention for PHI, PCI & PII in outbound email
- ✓ Color-coded safety banners (red/yellow/green) on every email
- ✓ One-click phish-reporting button — Outlook & Gmail
- ✓ Just-in-time micro-training replaces annual slideshows

Platform, Ops & Integration

- ✓ Native Microsoft 365 & Google Workspace — no MX swap
- ✓ SPF / DKIM / DMARC sender-auth validation & reporting
- ✓ Admin console: quarantine, dashboards, threat timeline
- ✓ SIEM export, webhook alerts & SOC 2-audited platform

GETTING STARTED

- 1 Connect** — OAuth into M365 or Google Workspace — live in <1 hour
- 2 Tune** — We review the first 72 hours of mail, tune policy & banners
- 3 Enable** — Roll out user-reporting button & banner coaching org-wide
- 4 Operate** — 24/7 managed triage by our analysts — tunes & reports monthly

PRICING — PICK YOUR TEAM SIZE

SMALL TEAM	GROWING	MID-MARKET	ENTERPRISE
\$47.50 /mo	\$118.75 /mo	\$237.50 /mo	\$475 /mo
10 users · all features	25 users · all features	50 users · all features	100 users · all features

Flat **\$4.75/user/mo** — every INKY feature included. **Annual:** save 17% (\$3.94/user). No minimums · 30-day trial · white-glove onboarding included.

WHY TECHNIJIAN MY ANTISPAM

- **One flat price:** \$4.75/user includes every INKY feature — no Advanced, Premium or Plus upsell
- **Computer-vision AI:** "Sees" brand forgery the way a human would — catches logos, layouts, look-alikes
- **QR & quishing defense:** Decodes QR codes inline — the 2024-2025 attack most tools miss
- **Internal-mail protection:** Catches compromised-account email inside your tenant, not just at the perimeter
- **Inline user coaching:** Color-coded banners train users in real time — replaces annual slideware
- **Managed triage:** our analysts triage alerts 24/7 — you don't self-manage the console
- **30-day trial:** No credit card, no MX change, no contract — run it in parallel first

DETECTION METHODS — WHAT WE CATCH

Brand Forgery

COMPUTER VISION

Spoofed Microsoft, DocuSign, banks

BEC / VEC

BEHAVIORAL AI

CEO fraud, wire-change, vendor impersonation

Quishing

QR DECODER

Malicious QR codes in PDFs & images

Account Takeover

INTERNAL MAIL

Compromised user mail caught inside tenant

GenAI Phishing

LLM SIGNALS

Detects AI-authored social-engineering

Graymail / Spam

BULK FILTER

Marketing noise & newsletter hygiene

IN-EMAIL SAFETY BANNERS — USER COACHING

DANGER	Likely phishing — brand forgery detected on Microsoft logo · blocked
CAUTION	First-time sender · urgent wire request — verify by phone before acting
SAFE	Confirmed domain match · DKIM & DMARC aligned · no threat indicators

MY ANTISPAM VS. THE MAJORS

- **vs. Proofpoint Essentials Pro (\$5.86):** 19% less — and adds computer-vision brand forgery
- **vs. Mimecast Premium (~\$8-12):** 40-60% less — flat pricing, no custom-quote maze
- **vs. Microsoft Defender P2 (\$5):** Same price — adds QR decoding, banners & cross-platform coverage
- **vs. Barracuda Premium Plus:** Transparent \$4.75 — not a custom-sales quote you wait days for

ANNUAL SAVINGS AT 25 USERS

vs. Proofpoint Pro \$333 \$5.86/user seats	vs. Mimecast Premium \$1,575 ~\$10/user mid-tier	vs. Defender P2 + Train \$900 \$5 + SAT add-on
---	---	---

My AntiSpam at 25u = \$118.75/mo (\$1,425/yr) vs. Proofpoint Essentials Professional (\$5.86×25 = \$1,758/yr); Mimecast mid-tier (\$10×25 = \$3,000/yr); Defender P2 + separate SAT (~\$7.75×25 = \$2,325/yr). April 2026 published/list pricing.
