HORIZONTAL BUYER ROLES

EXECUTIVE SUMMARY

Why these personas, how to use them

Technijian sells on two axes - industry vertical (how they buy) and buyer role (who signs). Every deal addresses at least one of each.

VERTICAL AXIS

Industry-primary decision-maker

Regulation, operations, and language differ so radically by industry that a healthcare admin and a defense manufacturer buy cybersecurity differently. 10 vertical personas capture this. Lead the pitch with the vertical.

HORIZONTAL AXIS

Cross-industry buyer role

Inside any account, multiple people shape the purchase: CFO (economic buyer), IT Director (co-managed technical counterpart), and Marketing Director (growth-side). 3 horizontal personas capture these - loop them in early.

HOW TO USE

Four plays, same personas

SALES	MARKETING	PRODUCT	ACCOUNT PLAN
Match prospect to 1 vertical + 1 horizontal on call 1. Use Pain Points as interview script. Anti-Persona flags disqualify fast.	LinkedIn title/industry filters come from Identity + Organization. Ad hooks come from Top Pains. CTAs come from Triggers.	Pricing tiers, SLA structure, reporting formats, and contract preferences in Buying Behavior drive packaging decisions.	Success Metrics + Communication Prefs set QBR cadence. Key Stakeholders + Influencers identify the account-plan map.

TIER 1 - PRIMARY ICPS

Six personas. Highest Year-1 ARR (\$40K-\$300K). Compliance-heavy sales motions, technical depth required.

ICP

INDUSTRY

Healthcare (multi-site clinic / medical group)

COMPANY SIZE

25-300 emp | \$5M-\$60M rev

YEAR-1 ARR

\$60K-\$180K Yr-1

TOP PAIN POINTS

- ✓ EHR downtime during clinic halts documentation and patient flow.
- ✓ OCR breach-notification nightmare: PHI in sent folder, unclear 60-day clock.
- ✓ HIPAA training and phishing awareness on autopilot with no real adherence.

TRIGGERS & CATALYSTS

- > Cyber insurance renewal tightens HIPAA requirements
- > PE acquisition due diligence reveals IT gaps
- > Staff email compromise / peer ransomware event

PRIMARY TECHNIJIAN SERVICES

My IT + HIPAA, My Compliance HIPAA, My Continuity, Chat.AI Healthcare

TOP OBJECTIONS

- "Do you have healthcare-specific references?"
- "Our EHR vendor won't let anyone else touch integrations"

KEY DECISION CRITERIA

- ✓ Signed BAA pre-engagement, 24/7 MDR with IR SLA
- ✓ Healthcare-specific customer references
- ✓ HIPAA-fluent vCISO / vCCO on retainer

MESSAGING HEADLINE

"HIPAA-fluent managed IT. No more translating between your MSP and your attorney."

VERBATIM QUOTE

"I want the docs to not know anything about IT. I want them to see patients. That's my job."

COMPANY SIZE

15-500 emp | \$3M-\$100M AUM

YEAR-1 ARR

\$75K-\$250K Yr-1

TOP PAIN POINTS

- ✓ Advisor off-channel texting/iMessage compliant on paper, uncontrolled in reality.
- ✓ No AI governance - advisors paste client data into ChatGPT unmonitored.
- ✓ Vendor risk program is manual spreadsheets with overdue Tier-1 reviews.

TRIGGERS & CATALYSTS

- > Upcoming FINRA / SEC exam or deficiency letter
- > Peer enforcement action announced
- > M&A integration or Reg S-P amendment deadline

PRIMARY TECHNIJIAN SERVICES

My Security (SOC+SIEM+EDR), My Compliance vCCO, My Continuity (WORM)

TOP OBJECTIONS

- "Do you have BD/RIA references?"
- "How do you integrate with Smarsh / Global Relay?"

KEY DECISION CRITERIA

- ✓ SOC 2 Type II on vendor (non-negotiable)
- ✓ 15-min IR SLA + 72-hour Reg S-P playbook
- ✓ WORM archiving integration (Smarsh/Global Relay)

MESSAGING HEADLINE

"Compliance-fluent IT for broker-dealers, RIAs, and wealth managers."

VERBATIM QUOTE

"I'll spend 20% more for the firm that can handle a 72-hour Reg S-P clock. That calculus is not close."

COMPANY SIZE

40-400 emp | \$10M-\$150M rev

YEAR-1 ARR

\$90K-\$300K Yr-1

TOP PAIN POINTS

- ✓ CMMC 2.0 Level 2 - 110 NIST 800-171 controls MSP can't read.
- ✓ CUI scoping undefined across ERP, CAD, email, shop floor.
- ✓ Legacy ERP on Server 2012 that can't patch but must segment.

TRIGGERS & CATALYSTS

- > Prime contractor requires CMMC L2 on new RFP
- > Contract loss risk without certification
- > DCSA / DCMA inspection scheduled

PRIMARY TECHNIJIAN SERVICES

My Compliance CMMC, My Cloud GCC High, My Security (CMMC SOC)

TOP OBJECTIONS

- "CMMC will kill us, we can't afford it"
- "Our current MSP says they can do CMMC"

KEY DECISION CRITERIA

- ✓ CMMC / NIST 800-171 depth with sample SSP
- ✓ DIB client references (existing prime flowdown)
- ✓ GCC High migration experience

MESSAGING HEADLINE

"CMMC Level 2 readiness on your timeline - without losing your prime."

VERBATIM QUOTE

"My #1 customer just sent a flowdown saying I need CMMC Level 2. I have 14 months. My MSP doesn't know what an SSP is."

COMPANY SIZE

15-150 emp | \$500K-\$20M ARR

YEAR-1 ARR

\$40K-\$150K Yr-1

TOP PAIN POINTS

- ✓ SOC 2 Type II on critical path - enterprise deals blocked.
- ✓ Security questionnaires eat 2-3 weeks per deal, no repeatable answers.
- ✓ No dedicated security engineer - she IS the SOC plus her CTO job.

TRIGGERS & CATALYSTS

- > Enterprise deal gated on SOC 2 Type II
- > Series A / B funding close approaching
- > First regulated customer (HIPAA/PCI/FedRAMP)

PRIMARY TECHNIJIAN SERVICES

My Compliance SOC 2, My Security 24/7 MDR, My Cloud (AWS/Azure)

TOP OBJECTIONS

INDUSTRY

Law Firm (litigation, corporate, IP)

COMPANY SIZE

40-400 total | \$10M-\$100M rev

YEAR-1 ARR

\$60K-\$200K Yr-1

TOP PAIN POINTS

- ✓ Attorneys use personal email for transfers, leaking client-confidential data.
- ✓ DMS is a nightmare - 20 yrs of docs, broken search, attorneys save to desktop.
- ✓ Corporate-client security questionnaires consume firm admin + outside IT.

TRIGGERS & CATALYSTS

- > Lateral partner group onboarding (data migration)
- > Corporate client cyber addendum signed
- > Wire-fraud attempt or peer ransomware

PRIMARY TECHNIJIAN SERVICES

My IT + Office, My Security, My Compliance Guardian + Vault

TOP OBJECTIONS

ICP

INDUSTRY

Cross-Industry Mid-Market

COMPANY SIZE

100-800 emp | \$30M-\$500M rev

YEAR-1 ARR

\$60K-\$250K Yr-1

TOP PAIN POINTS

- ✓ 24/7 coverage on a 9-to-6 team - on-call burns engineers, drives turnover.
- ✓ Specialist skills she can't hire for (Azure, security, K8s) - FTE ROI doesn't pencil.
- ✓ Project burst consumes 50% of team for 6 months; BAU slips.

TRIGGERS & CATALYSTS

- > Major project (cloud mig / ERP / SOC 2 / M&A)
- > Key engineer resigns without warning
- > CFO mandates 24/7 coverage

PRIMARY TECHNIJIAN SERVICES

My IT Co-Managed, My Security (SOC), My Cloud specialists

TOP OBJECTIONS

- "I don't want a vendor replacing my team"
- "I've been burned by MSPs before"

KEY DECISION CRITERIA

- ✓ Co-managed model - extend not replace
- ✓ RACI documented pre-contract
- ✓ Technician's SOC 2 posture (TPX reliance + CUEC mapping)

MESSAGING HEADLINE

"Extend your team - don't replace it. Co-managed IT that respects your ops."

VERBATIM QUOTE

"My senior engineer is going to quit if he's on-call one more weekend. I can't hire fast enough. I need a partner, not a replacement."

TIER 2

ICP

INDUSTRY

Orange County Professional Services SMB

COMPANY SIZE

20-100 emp | \$5M-\$30M rev

YEAR-1 ARR

\$30K-\$90K Yr-1

TOP PAIN POINTS

- ✓ One-person MSP is single-point-of-failure; no backup when "IT guy" is unavailable.
- ✓ No asset inventory, no passwords in one place - institutional knowledge lives in one head.
- ✓ Cyber insurance questionnaires getting longer; faking answers because he doesn't know.

TRIGGERS & CATALYSTS

- > Outage that stopped revenue for half a day
- > Insurance carrier imposes cybersecurity requirements
- > Acquisition interest / exit-prep diligence

PRIMARY TECHNIJIAN SERVICES

My IT, My Office, My Security, My Continuity

TOP OBJECTIONS

- "It's too expensive - my current guy is \$X"
- "I don't want to sign a long-term contract"

KEY DECISION CRITERIA

- ✓ Single accountable team (pod model)
- ✓ Local OC presence, same-time-zone techs
- ✓ 60-day out-clause, transparent monthly invoice

MESSAGING HEADLINE

"Run your business. We'll run your IT."

VERBATIM QUOTE

"I just want to call one number. I don't want to figure out if it's a printer problem or a network problem or a Microsoft problem."

ICP

INDUSTRY

Residential Real Estate / Property Mgmt

COMPANY SIZE

15-250 agents | \$5M-\$60M GCI

YEAR-1 ARR

\$25K-\$100K Yr-1

TOP PAIN POINTS

- ✓ Zillow / paid lead channels expensive and declining in conversion.
- ✓ Agents ignore the CRM - paid \$60K/yr for KVCore, half don't log in.
- ✓ Tech stack sprawl: 8-15 disconnected tools, website on SEO page 3.

TRIGGERS & CATALYSTS

- > Lost a top agent to a better-tech brokerage
- > NAR settlement fallout changing commissions
- > Competitor launches AI-powered service

PRIMARY TECHNIJIAN SERVICES

My AI Lead Gen, My SEO, My AI Real Estate

TOP OBJECTIONS
