

Fresh, enriched, ready-to-outreach leads — harvested from public data, scored by AI, delivered on autopilot.

WHAT IT DOES

Harvest — Multi-Source Lead Capture

- ✓ Federal contracts (SAM.gov, USASpending), SBA 504/7(a) loan data
- ✓ State DOT awards, county permits, UCC secured-party filings
- ✓ City building permits, clerk-recorder deeds, HOA ARC filings
- ✓ Just-sold properties, story poles, design review boards
- ✓ Industry-specific sources tuned to your ICP

Enrich — AI-Powered Data Augmentation

- ✓ Contact discovery & role mapping (Apollo, BatchData)
- ✓ Property & ownership enrichment (ATTOM, Spokeo)
- ✓ Firmographics, tech stack & spend signals
- ✓ Claude deep-search for hidden leads & intent signals
- ✓ Geocoding, HOA match, architect-of-record enrichment

Score — ICP Fit & Intent Ranking

- ✓ Client-fit scoring against your ideal customer profile
- ✓ Dedup across sources with identity resolution
- ✓ Tier 1 / Tier 2 / Tier 3 auto-categorization
- ✓ Recency-weighted intent signals & recency decay

Outreach — Ready-to-Send Artifacts

- ✓ Personalized email drafts per lead (HTML + plain text)
- ✓ Enriched CSVs for CRM import (HubSpot, Salesforce, Pipedrive)
- ✓ Weekly lead reports (DOCX + PDF) ready to present
- ✓ Obsidian vault sync for research & context history
