≤25 users · @Jian Teams bot only, no platform

Jian is your always-available AI IT support assistant, embedded directly into your Microsoft Teams workspace. Ask a question in plain English and get a step-by-step answer in seconds — no hold music, no waiting for a callback.

WHAT JIAN DOES FOR YOUR TEAM

- ✓ **Answers IT questions instantly, 24/7**
Password resets, M365 issues, printer troubleshooting, VPN access, and more — in seconds.
- ✓ **Opens a support ticket with one command**
When hands-on help is needed, a tracked Technijian support request is created automatically.
- ✓ **Learns from your support history**
Jian adapts to your organization's environment and gives answers specific to your setup — not generic KB articles.
- ✓ **Escalates intelligently**
Jian handles what it can and routes the rest to your dedicated tech team — no calls, no emails, no friction.

HOW IT WORKS

Simply type `@Jian` followed by your question in any Teams channel. Jian responds in seconds with actionable guidance.

If a tech needs to get involved, `@Jian ticket` creates a tracked support request automatically — no phone calls, no email chains.

TYPICAL QUESTIONS JIAN HANDLES

- Password reset
- VPN won't connect
- Printer setup
- M365 license error
- Outlook not syncing
- Teams audio issues
- New user setup
- Software install

NO INFRASTRUCTURE REQUIRED

Jian lives entirely within your existing Microsoft Teams environment. No new software to install, no agents to deploy, no training required for your team.

WHAT'S IN YOUR MONTHLY M365 REPORT

M365 Monthly Report

Branded Word document covering license waste, security posture, compliance status, and storage utilization for every tenant.

INCLUDED WITH JIAN FOR M365 (\$9/USER/MO) — NO ADDITIONAL CHARGE

Included

with Jian for M365
pricing on Page 6

8 SECTIONS DELIVERED EVERY MONTH

01

Executive Summary

KPI strip + plain-English
narrative for each tenant

02

License Usage & Optimization

Waste \$ estimate, unused
and duplicate licenses

03

Security Posture

Secure Score trend, MFA,
Conditional Access,
Defender

04

Compliance Status

DLP policies, sensitivity
labels, retention, audit log

05

Storage & Capacity

Exchange, SharePoint,
OneDrive utilization

06

User Health

Stale accounts, disabled-
but-licensed users, guest
inventory

07

What We Did This Month

Audit log summary of all
MSP activity in the tenant

Recommendations

P1/P2/P3 prioritized action
items with remediation
estimates

\$8-\$25

per user waste found

2-3 hrs

saved per tenant/mo

A 30-user tenant on Jian for M365 ($\$9/\text{user} \times 30 = \$270/\text{mo}$) typically finds **\$300+/mo in license waste alone** — the platform pays for itself month one, before counting the SOC, Teams bot, and compliance evidence. Read-only Graph API — no admin credentials stored, no agent required.

WHAT'S IN YOUR MONTHLY MERAKI REPORT

Meraki Monthly Report

Branded Word document covering IDS/IPS events, full config snapshot, change audit log, and device health — delivered on the 1st of every month.

INCLUDED WITH JIAN FOR MERAKI NETWORK (\$79/ORG/MO) — NO ADDITIONAL CHARGE

Included

with Jian for Meraki Network pricing on Page 6

10 REPORT SECTIONS — ALL INCLUDED AT EVERY PRICE

01-02

IDS/IPS + AMP Event Roll-Up

Deduplicated, categorized by severity. Plus firewall, VPN, DHCP activity report across all L3 rules and port forwards.

03-04

Full Firewall Config Snapshot

VLANs, SSIDs, S2S VPN, WAN interfaces. WAN configuration with live uptime status included.

05-06

Device Inventory + Firmware

Per-device inventory with firmware version vs. latest available. Versioned daily config history with 30-day diff viewer.

07-10

Change Audit Log + Delivery

Who changed what, before/after values. Branded Word deliverable. Weekly + on-demand reports. Unlimited admin users.

10–25%

Backup

Three real clients. Three real quotes. ~40% of name-brand. Every time.

CLIENT PROFILE	JIAN SETUP	JIAN MONTHLY	ANNUAL PREPAY	NAME-BRAND COMP	JIAN AS % OF COMP
Small SMB 20-user law firm, 1 site, 1 firewall, 1 backup	Standard 25-min × \$9 + 1 firewall + 1 backup <i>OR Jian Starter bundle \$349</i>	\$383 <i>or \$349</i>	\$3,830	~\$960	40%
Medium regulated 50-user dental, HIPAA, 2 sites, 2 firewalls, 2 Meraki, 1 backup	Compliance Pro 50 × \$24 + 2 FW + 2 Meraki + 1 backup (\$1,615), -10% volume tier <i>OR Pro Bundle \$1,495</i>	\$1,453 <i>or \$1,495</i>	\$14,530	~\$5,550	26%
Mid-market 250 users multi-site, 5 firewalls, 3 Meraki, 2 backups, regulated	Compliance Pro 250 × \$24 + 5 FW + 3 Meraki + 2 backups = \$6,850, -15% volume tier	\$5,822	\$58,220	~\$28,350	21%

Plus ~45% reduction in proactive IT support hours — 14–22 hrs/mo saved at Small, 27–45 at Medium, 45–90 at Large (worth \$1,050–\$9,000/mo at \$75–\$100/hr blended labor rate).

40% of Name-Brand Price

Same playbook as our private cloud: list every line at ~40% of the equivalent name-brand. Arctic Wolf, Vanta, Moveworks, Auvik, Huntress — beat all of them on price-per-line.

Built for MSPs

Per-user + per-resource pricing mirrors the existing Pax8 / Sophos Central model. Multi-tenant, white-label reports, MSP volume pricing 10/15/20–25% at 10/25/50+ clients.

Vendor-Agnostic Backup

Jian for Backup covers Veeam (VBR + 365 + ONE) AND **NAKIVO** — one price, one report, one MITRE-tagged audit trail. Liongard doesn't do NAKIVO. Veeam ONE doesn't either.

Defensible Audit Trail

Every alert maps to MITRE ATT&CK (858 techniques). Every decision writes to an append-only event log. Every compliance evaluator returns evidence — not assumptions.

Detect Microsoft Outages First

M365 Apps Service Health watches 22 workloads — Exchange, OneDrive, SharePoint, Teams, Power BI, Intune, Defender. You hear from Microsoft's feed before the user opens a ticket.

Land Small, Grow Fast

Start at Core (25 seats × \$9 = \$225) + 1 firewall (\$99) = \$324/mo. Add resources as the client grows. No long contract on monthly plans.

Quote Jian for your stack in 60 seconds

Tell us how many users, how many firewalls, how many sites — we'll send a custom quote within one business hour, every line at ~40% of name-brand. Pilot and trial terms available — contact sales.
