

My Jian AI Agent — Price Sheet

V3.0 · 40% OF NAME-BRAND · EFFECTIVE 2026-05-28

HYBRID PRICING

Brand promise: 40% of name-brand price. Same protection. One platform. Every line item is anchored at ~40% (or less) of the equivalent name-brand competitor, mirroring the Technijian private-cloud pricing playbook against AWS/Azure.

PER-USER PRICING — JIAN FOR M365 (THE PEOPLE LAYER)

TIER	PRICE	ANNUAL (2 MO FREE)	INCLUDES
Jian for M365 — Standard MOST POPULAR	\$9/user/mo	\$90/user/yr	Full platform: M365 monitoring, license waste audit, @Jian Microsoft Teams Self-Service bot for all seats, HIPAA + SOC 2 + PCI compliance evidence (31 evaluators), branded monthly M365 report, SIEM correlation, MITRE-tagged events, channel-per-ticket Teams workflow, shift-aware ticket routing
Jian for M365 — Compliance Pro	\$24/user/mo	\$240/user/yr	Everything in Standard PLUS: CMMC + custom compliance frameworks (SOX/GLBA/FINRA/NIST 800-171/FedRAMP), dedicated CISSP-certified Customer Success Manager, cross-client correlator (gated, opt-in), learning consolidator, morning summary briefing, quarterly executive briefing, custom @Jian skills deployed to your Microsoft Teams workspace, Service Level Agreement on bot availability (terms in MSA), on-demand reports, CISSP-led audit-firm liaison
Jian Teams Bot Only (no platform)	\$99/mo flat	\$990/yr	Up to 25 users — @Jian Microsoft Teams Self-Service bot only. No platform monitoring, no compliance, no reports. Above 25 users, must upgrade to Standard.

Minimum: 25 seats on Standard (\$225/mo floor). Two parallel tiers, not "tier + upgrade" — both are complete products at their price point. Bot-Only SKU replaces the V1 \$49 IT Self-Service Agent for new buyers (existing \$49 customers grandfathering policy available — contact for terms).

STARTER BUNDLES — FLAT-PRICE ALTERNATIVE TO ITEMIZED

BUNDLE	INCLUDES	FLAT PRICE	VS. ITEMIZED
Jian Starter	Standard 25 seats + 1 firewall + 1 backup environment	\$349/mo	itemized \$383 (saves \$34)
Jian Pro Bundle MOST COMMON	Compliance Pro 50 seats + 2 firewalls + 1 backup + 1 Meraki org	\$1,495/mo	itemized \$1,615 (saves \$120)
Jian Enterprise Bundle	Compliance Pro 100 seats + 3 firewalls + 1 backup + 2 Meraki + 1 DNS tenant	\$2,695/mo	itemized \$2,953 (saves \$258)

Bundles are an alternative path for the buyer who wants one number. Sales rep offers either: "Quote line-by-line, or pick a bundle."

DISCOUNTS — JUST TWO MECHANICS (STACK MULTIPLICATIVELY)

17% off

Annual prepay — 2 months free; any service, tier, or bundle

10–25% off

Volume tier auto-applied — 10% at \$1k–\$5k/mo · 15% at \$5k–\$15k · 20% at \$15k–\$50k · 25% at \$50k+

Note

Backup line exception — Jian for Backup is 59–118% of Liongard (not 40%) because Liongard is already cheap AND doesn't cover NAKIVO. Disclosed up-front.

V3.1 simplified from four discount mechanics to two. Worked example: \$5,000/mo client with annual prepay pays $5,000 \times 0.85 \times 0.83 = \$3,528/\text{mo}$ effective. CFO verifies in 10 seconds.
