SUITE ROI AT A GLANCE

One suite pays for itself in month one.

Every module replaces manual labor or finds waste that exceeds its own cost on day one.

\$8–\$25

per user waste found by My M365 Report

50%

of manual Meraki labor cost eliminated

\$1,500+

missed billing recovered by Sophos in month one

MONTHLY LABOR SAVINGS VS. MANUAL PROCESS — 15-CLIENT MSP

Manual process

\$8,625/mo in engineer time

\$8,625/mo

My Jian Suite

My Jian Suite

~\$3,600/mo

HOW MY JIAN WORKS — ZERO FRICTION SETUP

1 Add Jian to Teams

No install. Jian is configured into your existing Microsoft Teams workspace in minutes.

2 Connect read-only APIs

M365, Meraki, or Sophos Central via read-only credentials. No agents, no write permissions.

3 Reports arrive on the 1st

Branded Word documents delivered to your inbox every 1st business day of the month.

4 Jian answers & tickets 24/7

Your team types @Jian in Teams. Questions answered instantly. Tickets opened automatically.

BUNDLE & SAVE

10% off any 2 modules combined

15% off all 4 My Jian modules together

17% off annual billing on any module

Free Trial — No Credit Card

Start with one module. Add more as you grow.

Every My Jian module includes a free trial. Start with IT Self-Service Agent in Teams or run your first monthly report at zero cost.
