

AUTOMATED · BRANDED · DELIVERED MONTHLY

Know Exactly What's Happening in Every Microsoft 365 Tenant. Every Month. Automatically.

My M365 Report delivers a branded, plain-English Word document on the 1st of every month — covering license waste, security posture, compliance status, and storage utilization across every tenant you manage.

WHAT'S IN EVERY MONTHLY REPORT

License Waste & Optimization

Every SKU audited for active use. Disabled accounts, overprovisioned E5 seats, and unused add-ons quantified in dollars.

Security Posture

Secure Score, MFA coverage, Conditional Access gaps, privileged account audit, and Defender for O365 threat summary.

Compliance Status

DLP violations, sensitivity label coverage, retention policy gaps, and audit log configuration — all in one section.

User Health & Storage

Stale accounts, disabled-but-licensed users, mailbox quotas, SharePoint storage, and OneDrive utilization.

THREE REASONS MSPS CHOOSE MY M365 REPORT

\$451

Find the Waste — Month 1

A 50-user tenant at \$10/user waste generates \$500 in savings. Less the \$49 service fee, your client is \$451 ahead before the first QBR.

90hrs

Save the Hours

At 30 tenants and 3 hrs/tenant, that's 90 engineer hours a month pulling M365 data by hand. We run every pull automatically on the 1st.

QBR

Prove Your Value

Your clients don't see what you do. Every month, a branded report shows their Secure Score, threats blocked, and what you're protecting them from.
