WHAT'S IN EVERY MONTHLY REPORT

IDS/IPS + AMP Event Roll-Up

Threat events summarized and categorized by severity — no manual log diving.

Firewall, VPN & DHCP Activity

Full L3 rules, inbound, port forwards, S2S VPN, content filtering, and DHCP leases.

Config Snapshot + WAN Status

Complete firewall and WAN interface configuration with live uptime status at report time.

Change Audit Log

Who changed what, with before/after values — every admin action documented and attributed.
