

Security That Operates 24/7 — threat prevention, detection, and response delivered by U.S.-based analysts.

SECURITY SERVICE PILLARS

Threat Prevention

- ✓ EDR / XDR on every endpoint & server
- ✓ Email security gateway & phishing defense
- ✓ Web filtering, DNS protection & patch mgmt
- ✓ MFA everywhere with conditional access
- ✓ Security awareness training & phishing simulation

24/7 Detection & SOC

- ✓ SIEM ingestion of logs, network & endpoint data
- ✓ UEBA + proactive threat hunting
- ✓ MITRE ATT&CK tagging & case management
- ✓ Triage & escalation by U.S.-based analysts
- ✓ Monthly reporting & executive dashboards

Incident Response & Recovery

- ✓ 15-minute response SLA for critical incidents
- ✓ Containment playbooks & host isolation
- ✓ Forensics & root-cause investigation
- ✓ Tabletop exercises & IR plan development
- ✓ Breach notification & post-incident hardening

Assessment & Governance

- ✓ Vulnerability scanning, AD audit & risk prioritization
- ✓ External pentest via Nexus Assess + Pulse
- ✓ Framework mapping: HIPAA, SOC 2, PCI, CMMC, NIST
- ✓ Policy, procedure & control development

HOW WE ENGAGE

- 1 Assess** — Scan, audit & prioritize risk across the environment
- 2 Architect** — Design layered controls & SOC coverage model
- 3 Deploy** — Stand up EDR, SIEM, email security & playbooks
- 4 Operate** — 24/7 monitoring, triage & continuous tuning

REPRESENTATIVE USE CASES

Profile	Need	Outcome
Healthcare (HIPAA)	PHI protection, EDR, DLP & audit trails	HIPAA-aligned
Broker-Dealer / RIA	24/7 SIEM + WORM archiving for FINRA	FINRA-ready
Mfg (ITAR/CMMC)	CUI enclave + CMMC Level 2 controls	CMMC L2
Post-Breach Recovery	Containment, forensics & 90-day hardening	15-min IR
Pre-Audit Prep	SOC 2 / HIPAA gap close & evidence	Audit-ready

WHY TECHNIJIAN

- **24/7 U.S.-based SOC:** Human analysts, not just an alert pipeline — 15-min critical SLA
- **Layered by design:** EDR + SIEM + email + identity + DLP, tuned to your stack
- **Compliance depth:** HIPAA, SOC 2, PCI, CMMC, NIST — evidence captured continuously
- **Assessment + operate:** Pairs with Nexus Assess + Pulse for continuous pentest
- **25+ years IT ops:** Real operators who know business impact, not just alerts
- **Incident-ready:** Playbooks, forensics & breach notification coordination built-in
- **Orange County + SoCal focus:** Local partner with national-grade tooling

ENGAGEMENT MODELS

Fixed-Scope Assessment — Pentest, AD audit, SOC 2 / HIPAA gap analysis

Flexible Consulting — Architecture, policy & IR retainer support

Managed SOC (Monthly) — 24/7 detection, response & reporting

Fractional CISO — Retained monthly security leadership

INDUSTRIES WE SECURE

- ✓ Healthcare & HIPAA
- ✓ Financial Services & FINRA
- ✓ Legal & Professional Svc
- ✓ Manufacturing (ITAR/CMMC)
- ✓ Technology & SaaS
- ✓ Real Estate
- ✓ Retail & eCommerce
- ✓ Non-Profit

COMMERCIAL SECURITY STACK

EDR/XDR: Microsoft Defender, CrowdStrike, SentinelOne

SIEM: Microsoft Sentinel, Splunk

Email Sec: Proofpoint, Mimecast

DLP / UAM: Teramind insider risk & activity monitoring

Audit/Test: RapidFire Network Detective, Pentest-Tools.com
